CATALOG

The Aeterna catalog is an essential merchandising tool, an inspiring, intuitive guide to our sintered slab surfaces. Immerse yourself in a curated journey, shaped by craftsmanship and designed to spark creativity. Each colour, finish, and design invites you to explore, create and discover new possibilities. Thoughtfully organized and artfully crafted, the catalog combines striking photography with clear product details to support confident decision-making in showrooms, design libraries, and client presentations. With its refined layout and durable hard cover, the Aeterna catalog delivers both elegance and efficiency, elevating every step of the design experience.

# COUNTERTOP SELF-ADHESIVE LOGO

Thoughtfully designed for in-store countertop installations showcasing Aeterna surfaces, the 1.9 x 0.3 in / 5 x 1 cm Aeterna Countertop Self-Adhesive Logo offers a sophisticated branding solution. Its compact format and self-adhesive backing allow for effortless application, adding a refined finishing touch that enhances countertop displays and reinforces brand recognition. The recommended placement options include edge and top applications, providing the flexibility to accommodate a variety of display configurations and showroom environments.

# SAMPLE CHIPS

Sample chips are an essential tool for bringing mood boards to life and creating a cohesive design vision. The compact 4 x 5 in / 9.5 x 13.4 cm sample chip is thoughtfully designed for portability and precision, making it ideal for quick comparisons and seamless integration into design presentations. This versatile chip is also featured in the Sintered Slab A&D Binder, Tabletop Display, and Sample Chip Carrying Case. Aeterna has created a sample chip program featuring every color and finish combination that includes key information and a QR code to discover more information for that color on its back label. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience of the full size slab. Aeterna also developed a premium Sample Chip Carrying Case to easily and beautifully store, organize, present, and carry sample chips to meetings. Aeterna’s sintered slab sample chips have been designed with a new label that wraps around the top edge of the sample chip, allowing for a clean, modern aesthetic.

### Ordering Options:

#### 1. Custom Selection

Personalize your sample chip selection for a unique range. This option does not arrange the selection into specific boxes.

#### 2. Custom Selection Sets

Create your own custom set choosing from one of the two options with a personalized selection of sample chips. An order of 32 identical sets is required, each arranged and packaged together in separate boxes.

Option 1: 30 x 6 mm + 1 x 12mm

Option 2: 32 x 6 mm

#### 3. Pre-Determined Sets

Choose from Aeterna’s two carefully curated and pre-determined sets, each containing sample chips in a variety of colors and finishes. The exact assortment of these pre-determined sets can be retrieved from your Business Development Manager.

Set 1: 30 x 6 mm + 1 x 12mm

Set 2: 30 x 6 mm

# SAMPLE CHIP CARRYING CASE

Aeterna proudly presents our premium sample chip carrying case, designed to elevate the way you store, organize, and transport your sintered slab sample chips. Crafted with both elegance and practicality in mind, this sleek carrying case offers the perfect solution for keeping your sample chips organized and easily accessible for meetings, presentations, or showroom displays. The case comes empty and offers flexible sample capacity, it is designed to comfortably hold up to 32 6mm chips or a combination of 30 6mm and one 12 mm sample chips\*. This versatility allows you to showcase a curated selection of Aeterna's stunning materials across two thicknesses, ensuring maximum color variety. The sample selection is fully customizable to suit your design preferences and needs. Whether you're on the go or storing samples in your library, this luxurious case ensures your collection is both beautifully presented and effortlessly portable—making it an essential tool for any design professional seeking to impress.

\*Sample Chips are ordered separately, Custom Selection or Pre-Determined Sets are available, refer to pages 6-10.

SAMPLE CHIP CARRYING CASE AT A GLANCE

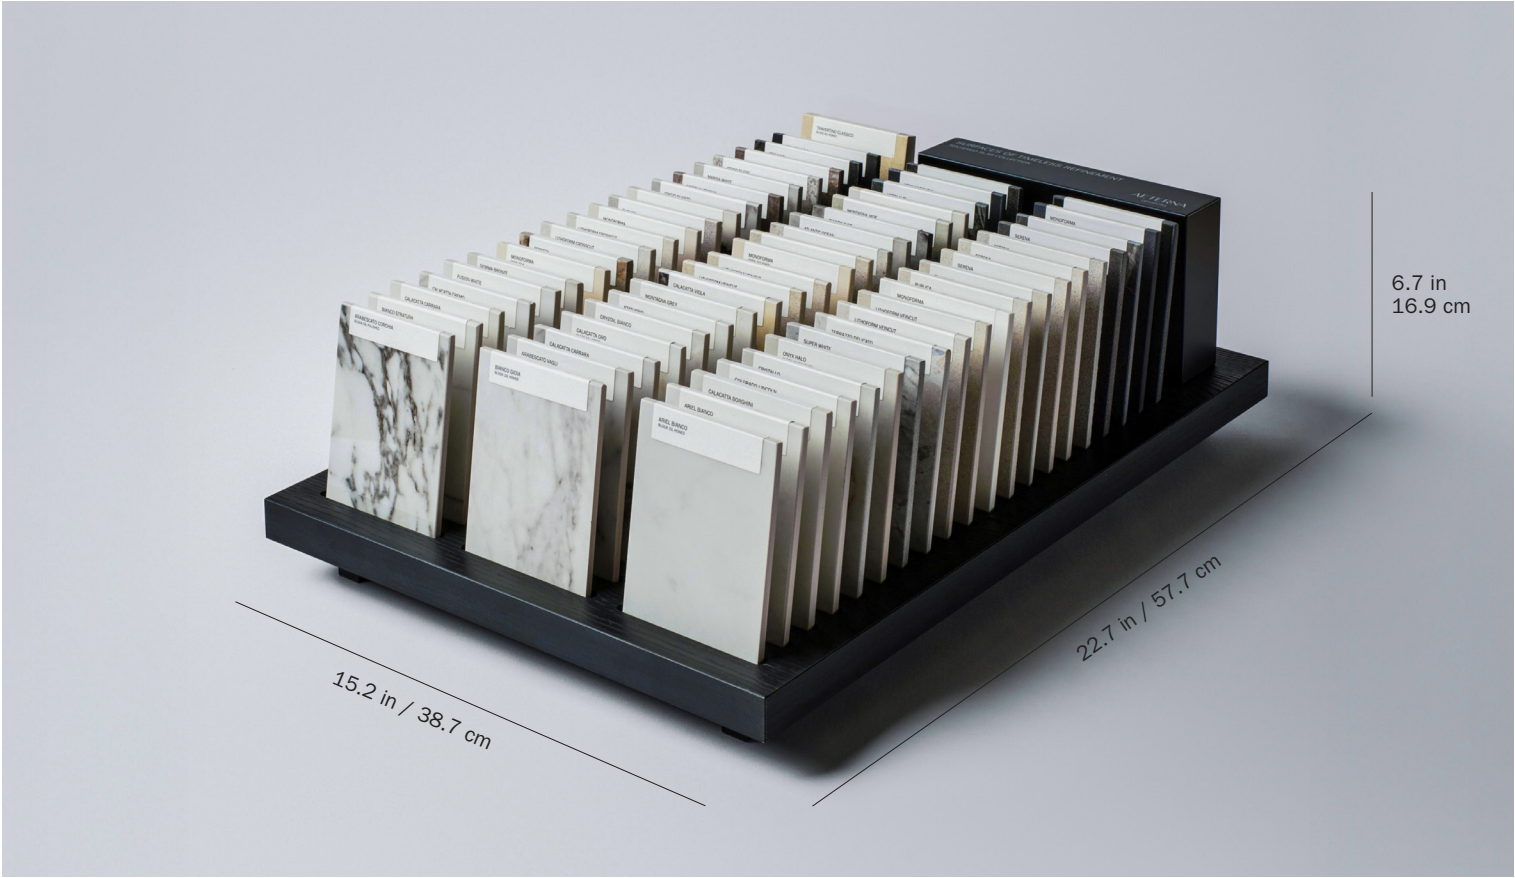

TABLE TOP DISPLAY

Aeterna’s collection of Sintered Slabs are brought to life in a table top display that can hold up to 60 x 6 mm and 1 x 12 mm stunning sample chips\*. Each sample chip features an affixed label showing pertinent information like the full slab design, size, thickness, and finish availability as well as a QR code that links to the website for more details. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience of the full size slab. The table top display is elegantly showcased on a black wooden inspiration base with a sleek branding fixture that introduces the collection. Great care has been taken to maximize display space efficiency while providing the most motivating presentation of the collection.

## A&D BINDERS

In today's fast-paced A&D community and dealer network, space within design libraries and showrooms is often limited. To address this challenge, we have crafted an elegant and highly efficient solution: Aeterna's A&D binders. Each binder is thoughtfully designed to provide both functionality and sophistication. The front cover introduces the collection with key information and a stunning interior scene. Upon opening, the binder reveals up to 12 sintered slab sample chips, showcasing the breadth of Aeterna's exquisite collection. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience of the full size slab. Available in 12 distinct editions, each binder highlights a curated selection of sintered slabs. Designed with precision, the binder features a spine that clearly identifies the collection name and material type, allowing for easy access and organization. This binder is an essential tool that merges convenience with luxury, elevating your design experience.

# SAMPLE PROGRAM

Aeterna's sample program is offered in a refined 9 x 12 in / 22.5 x 30 cm size, expertly crafted to provide an impeccable balance of detail and portability. This versatile 12 mm sample elegantly captures the intricate textures, veining, and color variations of our exclusive collections, making it the ideal choice for a professional presentation within the Gallery Tower Display or alone. The thoughtfully proportioned dimensions ensure that each design element is showcased with precision, offering a sophisticated solution for any showroom.

Aeterna's innovative sample program includes essential information and a QR code on the back label, providing easy access to further details about each color. Designed with a modern aesthetic in mind, maintaining a clean and contemporary look.

## Ordering Options:

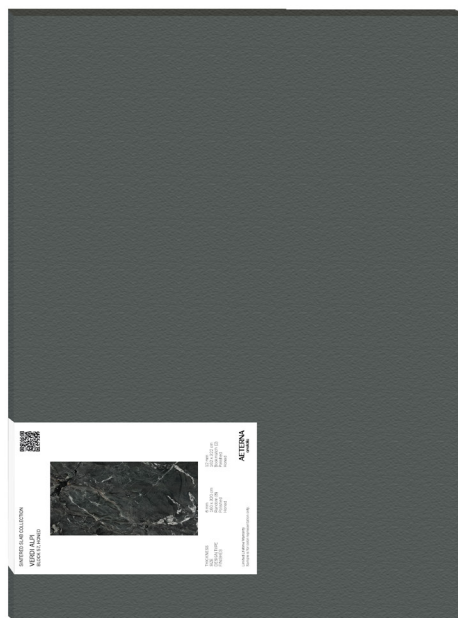

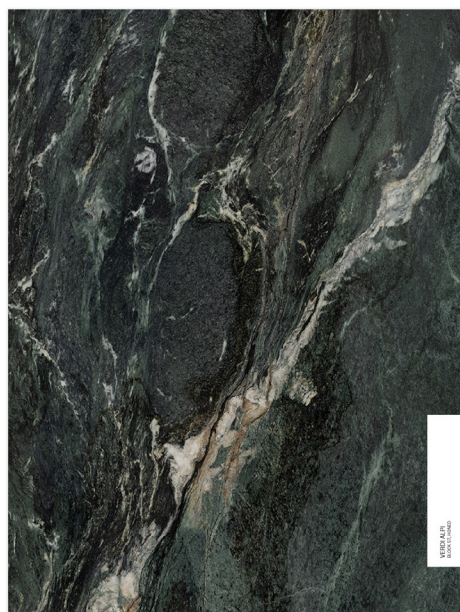

### 1. Custom Selection

Personalize your sample selection for a unique range. This option does not arrange the selection into specific boxes.

### 2. Custom Selection Sets

Create custom sets with a personalized selection of 10 samples. A minimum order of 10 identical sets is required, each arranged and packaged together in separate boxes.

\*Please specify the required colors and finishes when placing the order through your Business Development Manager.

# SAMPLE PROGRAM

Samples are key to visualizing and refining design concepts, helping to create a unified aesthetic. The A-shape 12 x 12 in / 30 x 30 cm sample offers a slightly larger surface, making it ideal for showcasing intricate material details, veining, and texture, while still being easy to maneuver and manage. This 12 mm A-shape sample is a premium selection designed for display in Aeterna's Gallery Tower Displays, offering a striking presentation of material and design. Aeterna has created a sample program that includes key information and a QR code to discover more information for that color on its back label. Sintered slab samples have been designed with a new label that wraps around the top edge of the sample, allowing for a clean, modern aesthetic.

## GALLERY TOWER DISPLAY - 75 PC

The Gallery Tower Display balances sophistication and practicality. Fully customizable, it showcases 75 samples from our exclusive collections. With clean lines and a wood-look finish, this display offers a polished, professional presentation, efficiently highlighting product details and color options from our premium range.

The Gallery Tower Display is an elegant and versatile solution, designed to feature two distinct 12 mm sample options to best showcase Aeterna's exceptional designs. Choose between the 12 x 12 in / 30 x 30 cm A-shape\* samples or the 9 x 12 in / 22.5 x 30 cm rectangular samples, each providing a tailored presentation to highlight the unique qualities of our collections.

\*This is a special order item, samples can be ordered using the applicable item code. Please specify the required colors and finishes when placing the order through your Aeterna Business Development Manager.

## SHOWROOM DISPLAY FIXTURES

This customizable standing display structure showcases the essence of Aeterna's sintered slab collection in an elegant presentation. The structure is designed to showcase custom assortments of 6mm and 12mm sintered slabs, cut into 120 × 280 cm samples to exhibit in this display fixture. Each curated fixture highlights the intricate designs and colors offered in the collection and includes an information panel that provides more details. The display also incorporates a tailored lighting system designed to highlight the collection in the most flattering manner. Working closely with the Business Development Manager and Interior Designer, we will customize your showroom to design the perfect solution to fit your needs. We provide details and instructions for you to directly manage the installation in your showroom.

## SHOWROOM WATERFALL DISPLAY

Maximize your showroom's potential with our innovative modular sintered slab display. Designed with a sleek, angled configuration, this display allows you to present a wider variety of slabs in either 6mm or 12mm thickness\* in a compact footprint by featuring the sintered slabs cut at a smaller width. Each slab sample is 60 x 280 cm, ideal for spaces with limited room. Each modular unit accommodates three slabs and can be seamlessly combined with side panels to create configurations against a wall or as a freestanding central island\*\* using the connectors. A key benefit is that it features a non-fixed system, this display enables you to effortlessly switch out slab selections with ease, or change the direction of how you want the samples to be displayed. Enhance both the aesthetics and functionality of your showroom while providing clients with an expanded selection of Aeterna's premium surfaces, all in a beautifully organized and space-efficient manner.

\*6 mm samples have a dedicated item code for each color and finish. When ordered, the Plexiglass Label Holder with the Sample Label comes pre-affixed to the 6 mm sample. It also includes 9.5 x 13.4 cm Sample Chips in all other available finishes for that color, designed to be installed directly beneath plexiglass. 12 mm samples are ordered separately using a generic item code. As a special order item, they do not include the Sample Label, Plexiglass Label Holder, or Sample Chips. These components must be ordered separately. 9.5 x 13.4 cm Sample Chip item codes can be found on pages 6-8. All 60 x 280 cm sample item codes can be found on pages 36-38.

\*\*For central island configurations, floor mounting is required. Please work with a professional contractor and follow local building codes for safe construction practices.

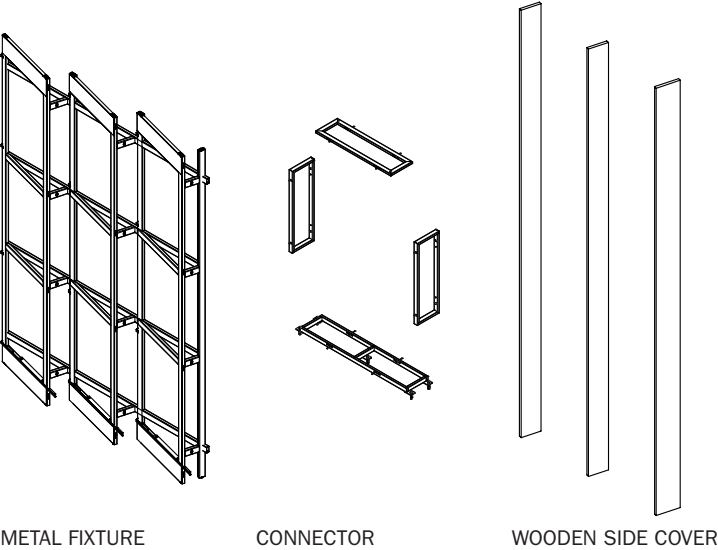

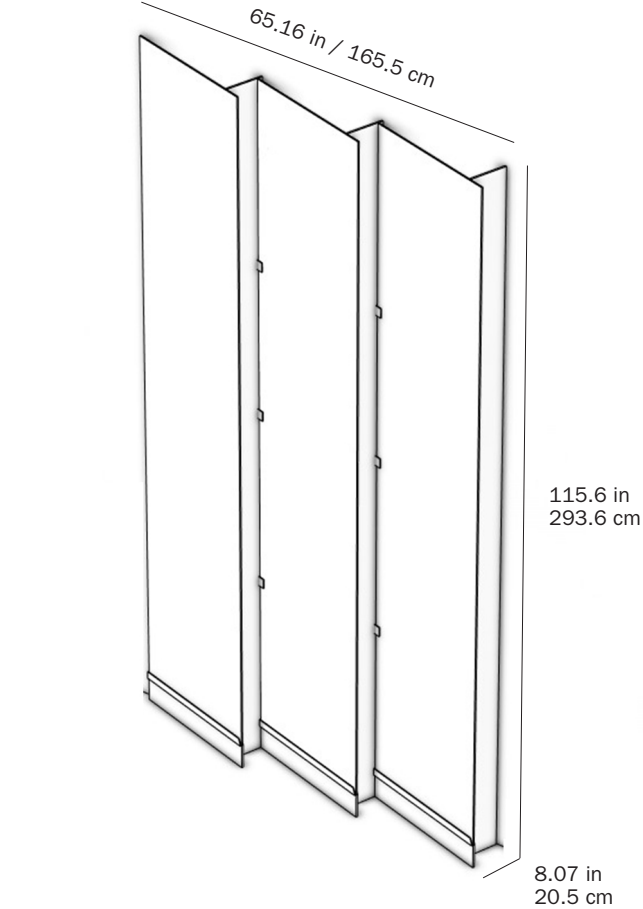

SHOWROOM WATERFALL DISPLAY AT A  
GLANCE

# SHOWROOM WATERFALL DISPLAY AT A GLANCE

Available in a 3-piece modular set, this display's angled design reduces its width, allowing you to showcase a broader selection of 6 mm and 12 mm slabs in a smaller footprint. Effortlessly expand your display, by adding additional kits without compromising on space. Perfect for tight showroom layouts, the wall configuration optimizes surface area while keeping your premium slabs organized and easily accessible for clients. Its sleek design elevates both the aesthetics and functionality of your display, making it a smart, space-efficient solution.

12 mm samples are supplied without a Sample Label, Plexiglass Label Holder, or Sample Chips. Order these components separately for each 12 mm sample.

\*Labels can be ordered using the item code above. Please specify the required colors and finishes when placing the order through your Aeterna Business Development Manager.

# SHOWROOM WATERFALL DISPLAY AT A GLANCE

For a more dynamic presentation, Aeterna's waterfall display offers modular flexibility in which the 3-piece modular set can be combined with additional kits and connectors to form a central island configuration. With the option to feature slabs on both sides, this display can be configured in a variety of arrangements, including a 6-piece or 12-piece set as shown below. Effortlessly expand your display without any additional components by adding additional sets, allowing you to scale according to your showroom's needs. The angled design not only saves space but also enhances the visibility of your entire slab collection, offering clients a convenient and engaging shopping experience. This versatile display transforms any showroom into a modern, efficient space, balancing form and function.

## SHOWROOM SINGLE PANEL DISPLAY

Unveil the full beauty of each Aeterna sintered slab with the Single Panel Display\*. This versatile design allows you to showcase each 6 mm or 12 mm slab sample in a variety of stunning configurations. Feature a single panel for a dramatic spotlight effect, or position two panels side-by-side for a seamless true-to-nature bookmatch feature that highlights the stone's inherent pattern from one slab to another. Single Panel Displays may be presented as a standalone feature or combined with a second kit to create a striking double-sided display. For an even more dynamic presentation, arrange multiple panels to create limitless design possibilities, transforming your space into a visual masterpiece. Elevate your showroom experience with a display that not only highlights the elegance of Aeterna sintered slabs, but also offers endless flexibility to suit any vision.

A key benefit is that it features a non-fixed system, this display enables you to effortlessly switch out slab selections with ease. Its adaptable design revolutionizes the way you present and highlight Aeterna sintered slab products.

\*For single panel display, floor mounting is required. Please work with a professional contractor and follow local building codes for safe construction practices.

# SHOWROOM SINGLE PANEL DISPLAY

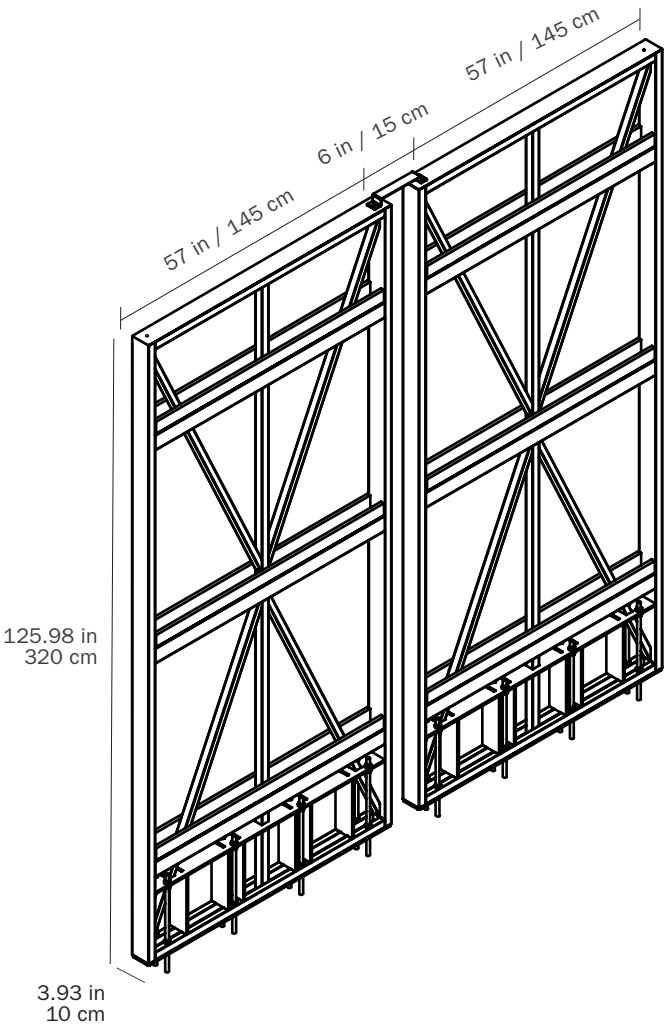

Fixture replacement codes are listed below. For the initial installation, your Anatolia Interior Design team will advise exactly on what is required for a successful initial setup.

\*Sample, Sample Chip and Label orders are coordinated through your Business Development Manager. Two logos and Plexi Kits are required for each Single Panel Display, as each display has a front and back. Sample Chips are designed for installation directly beneath plexiglass to showcase all available finishes.

## SHOWROOM CUBICLE DISPLAY PANELS

The innovative Cubicle Display Panels showcase installed Aeterna sintered slabs on walls and floors in a room scene inspired setup. A selection of premium colours and finishes may be chosen to immerse viewers in the ambiance of these curated spaces. A key benefit is that it features a non-fixed system, this display enables you to effortlessly switch out slab selections with ease. Its adaptable design revolutionizes the way you present and highlight Aeterna sintered slab products.

This dynamic showroom experience comes in 4 different configurations, allowing customers to explore and appreciate the beauty of sintered slabs in a realistic setting. The lighting within these cubicles is thoughtfully integrated, enhancing the visual appeal of the displayed slabs.

# SHOWROOM CUBICLE DISPLAY PANELS CONFIGURATIONS AT A GLANCE

The 4 different Cubicle Display Panel configurations come with a variety of sections that can suit your showroom needs. Each one can be fully customizable, its non-fixed system enables you to effortlessly switch out slab selections with ease, revolutionizing the way you present and highlight Aeterna sintered slab products. Select each sample by color, thickness and finish for each section to create the perfect immersive experience.

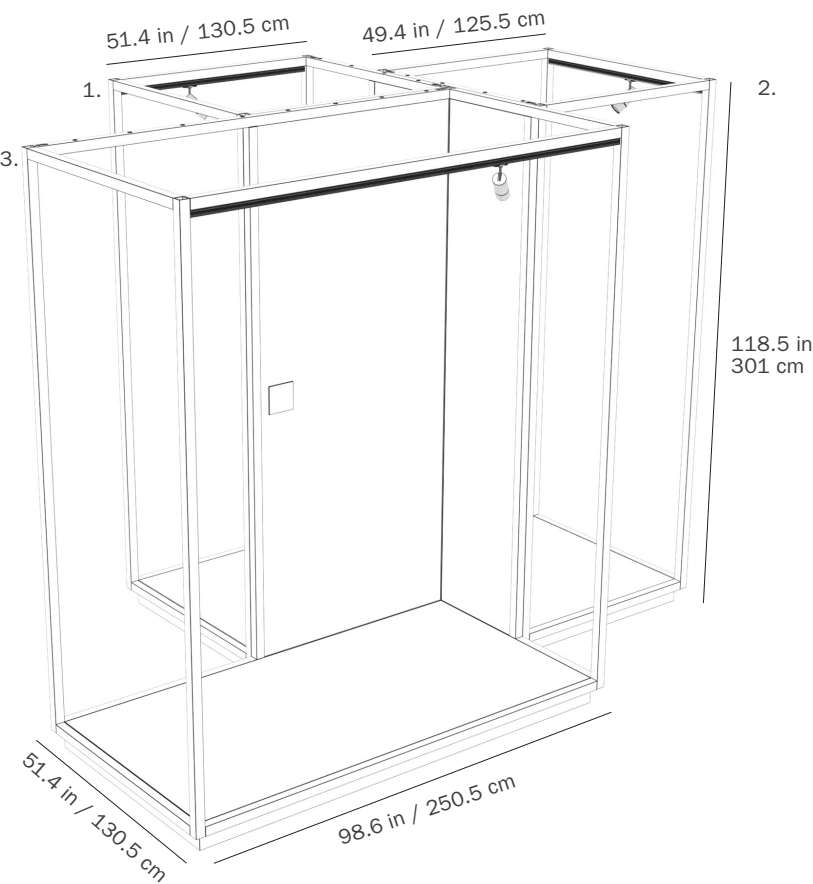

Individual sample, label and sample chip orders are coordinated through the Business Development Manager. The Sample Chips are designed to be installed directly beneath plexiglass to showcase all available finishes.

## SINGLE SLIDING PANEL DISPLAY

The Single Sliding Panel Display offers a clean and streamlined solution for showcasing Aeterna sintered slabs in 6mm or 12mm thicknesses. Each individual panel presents a single full slab, allowing customers to appreciate the scale, detail and finish of each surface without interruption.

This display system is available in both right-angle and left-angle sliding configurations, making it adaptable to your showroom layout. Its intuitive sliding mechanism ensures smooth operation, making it easy for customers and designers alike to browse the collection.

With its minimalist design and practical functionality, the Single Sliding Panel Display provides an elegant, space-efficient way to showcase the full beauty of Aeterna sintered slabs.

Fixture replacement codes are listed below. For the initial installation, your Anatolia Interior Design team will advise exactly on what is required for a successful initial setup.

Full size sintered slab, label and sample chip orders are coordinated through the Business Development Manager. The Sample Chips are designed to be installed directly beneath plexiglass to showcase all available finishes.
